GENERAL ENGLISH

CRICOS Course Code: 114876M

Duration: Up to 70 weeks (60 weeks study & 10 weeks holidays)

Course Overview

Study General English to gain skills in speaking, reading, writing, listening & vocabulary, and to develop a strong foundation in English grammar. It is an important step for most students to start with as it gives you the tools to start mixing with others socially and to understand what you see, hear and read around you. Studying General English will open more opportunities for you to explore further study options, new careers, travel, and make new friends from all around the world.

Delivery Mode

The General English course is made up of 60 units of study, each of which is delivered over a week. Face-to-face classroom only.

Teaching methods include teacher-directed and student-centered learning. Delivery will be flexible, taking into account the different learning styles, cultures, and needs of students. Macro-skills will be developed using communicative and integrated techniques.

Course Structure

The course is structured into 6 levels; general outcomes are included for each level as below.

- Starter Learners (level 1)
- Elementary Learners (level 2)
- Pre-Intermediate Learners (level 3)
- Intermediate Learners (level 4)
- Upper-Intermediate Learners (level 5)
- Advanced Learners (level 6)

ENGLISH FOR ACADEMIC PURPOSES (EAP)

CRICOS Course Code: 114875A

Duration: Up to 22 weeks (20 weeks study & 2 weeks holidays)

Course Overview

Academic English can be very different from the English we use every day. Even if we speak English well in conversation, it might be difficult to understand the new words and structures used in university or another academic setting.

In this course, students will develop skills in academic proficiency and literacy in English. Students will find it easier to understand and participate in your university course. If students complete the Academic English course successfully, they will be able to use English in a variety of academic contexts and take responsibility for progress with little support from teachers.

Delivery Mode

This course is delivered on campus, face-to-face, and it has theory classes and practical sessions involving small groups and individual activities.

Course Structure

The course is structured into two levels, EAP 1 and 2.

Recognition of Prior Learning (RPL)

In accordance with the requirements of the VET Quality Framework, TKL College provides the opportunity for students to apply to have prior learning, skills and knowledge recognised, and counted in relation to the qualification or units of competence for which they are enrolled.

What is recognition?

Recognition involves the assessment of previously unrecognised skills and knowledge that an individual has achieved outside the formal education and training system. The recognition process assesses the existing skills and knowledge against the requirements of a unit of competence, in respect of both entry requirements and outcomes to be achieved. By removing the need for duplication of learning, recognition encourages an individual to continue upgrading their skills and knowledge through structured education and training towards formal qualifications and improved employment outcomes. This has benefits for the individual and industry. Most importantly, it should be noted that recognition is just another form of assessment.

Recognition Guidelines

The following guidelines are to be followed when an application for recognition is received:

- Any student is entitled to apply for recognition in a course or qualification in which they are currently enrolled.
- Students may not apply for recognition for units of competency or qualification which are not included in TKL College's scope of registration.
- Students who have previously failed a module/competency will not be considered for RPL unless their application is supported by further documentation.
- Students who are currently enrolled in a training program are eligible to apply for recognition in that program at no additional charge.
- Assessment via recognition is to apply the principles of assessment and the rules of evidence.
- Recognition may only be awarded for whole units of competency.

For further details please contact our admissions team at admissions@tkl.edu.au

Course Credit Transfer

Course Credit Transfer is the recognition of learning achieved through formal education and training. Under the Standards for Registered Training Organisations, qualifications and statements of attainment issued by any RTO are to be accepted and recognised by all other RTOs. Credit transfer allows the unit of competency previously achieved by a student to be recognised when they are enrolling in a related course, where those units can assist them in meeting the requirements for a qualification. It is important to note that credit transfer is not recognition of prior learning (RPL). RPL is assessment and is addressed within the Recognition policy.

Students may apply for recognition of existing qualifications or skills, knowledge and experience (credit transfer or recognition of prior learning) as per the information included in our Student Handbook.

For international students, the granting of course credit may affect their course fees as well as the duration of the course.

The result of the application for the credit and any changes to fees or course duration will be advised to students in writing.

If course credit is granted following the issuance of the Confirmation of Enrolment, students will receive a new Confirmation of Enrolment showing a reduced course duration.

Credit Transfer Guidelines

The following guidelines are to be followed when an application for credit transfer is received:

- Any student is entitled to apply for credit transfer in a course or qualification in which they are currently enrolled.
- Students may not apply for credit transfer for units of competency or qualification which are not included in our scope of registration.
- The student does not incur any fees for credit transfer and we do not receive any funding when credit transfer is granted.
- Credit transfer may only be awarded for whole units of competency. Where a mapping guide identifies a partial credit, this will not be considered for credit transfer and the applicant will be advised to seek RPL.
- Credit transfer will only be issued when the student's enrolment includes at least one other unit of competency for which the student is participating in training or is seeking recognition. Student may not enrol only for credit transfer.

- The recognition of a unit of competency under a credit transfer arrangement is not contingent on the applicant demonstrating their currency. If the unit has been previously awarded and equivalence can be demonstrated then the unit can be recognised. The currency of the applicant is not a factor to be considered.
